READY FOR ACTION.

Gold Democrats Organize their Indianapolis Convention.

THE DELEGATES NUMBER 824.

Forty-One States and Three Territories

Represented—After Temporary Organization Adjournment Taken to Await the Action of the Various Committees—An Immense Massmeeting in the Evening.

INDIANAPOLIS, Sept. 3.—Forty-one states and three territories, represented by 824 delegates, met yesterday in Tomlinson hall as the climax of a six-weeks campaign to repudiate the action of the Chicago convention and put forth a declaration of principles and name a presidential ticket. Senator Palmer, who called the body to order, termed it the first convention of the National Democratic party, while others referred to it as the Democracy which held its last convention in 1892.

Admission to the hall was confined strictly to ticket holders. As a result many people were denied admittance. Inside every seat in the space reserved on the floor for the delegates and alternates was taken and the galleries, except on the upper balcony in the rear of the hall, where the band was located, were comfortably well filled without being crowded, while the chairs in the rear of the platform, reserved for the distinguished guests, were nearly all occupied.

The decorations were brilliant and lavish. There was a profusion of flags and bunting, trailing smilax, Spanish moss and potted flowers, but the most noticeable feature was the prevalence of gilt, symbolical of the spirit of the convention. Gold wreaths were everywhere in the decorations and half the delegates were sprays of golden rod in the laps of their coats. There was an unusually large number of ladies in the galleries and in the chairs back of the stage, their bright gowns and hats heightening the general effect of the scene. Most of them were from a distance, but some of the most prominent ladies of Indianapolis were present.

Hanging high over the platform was the United States coat of arms, with the eagle done in gold. To the right of this were likenesses of Jefferson, Jackson and ex-Senator McDonald, and to the left pictures of Cleveland, Hendricks and Tilden. The appearance of the hall was, on the whole, attractive.

There was much applause as various prominent Democrats entered the hall and took their seats with their delegations.

Senator Palmer, who had taken a seat on the stage as provisional chairman, rose and called the convention to order. He said: "The gavel will be in my hands, gentlemen, but a moment. We are assembled here for high, noble, patriotic purposes. Our earnest thought is to serve our country. (Applause.) And in the sincerity of that purpose we may appeal to the judge of all hearts."

Rev. John Hazen White, Episcopal bishop of the diocese of Indiana, then advanced to the platform, and while the audience reverently rose delivered the opening prayer.

The call for the convention was then read. When the name of Cleveland was read in the call, in connection with the names of Jefferson and Jackson, the members of the convention arose and cheered.

The next business in order was declared to be the call of the states in order to ascertain who were present. Most of them reported full delegations. Montana reported a unanimous delegation of one. New York was called amid great cheering, and reported present 72 delegates and 72 alternates.

Ohio was cheered when its name was called. A full delegation for gold was reported. Utah failed to respond. Wisconsin reported a full delegation. "All Democrats," the chairman said. At this there were cheers. The call complete shows that 41 states are represented. Territories were then called. Delegates from several answered. In all 824 delegates were found to be present.

The report of the executive committee was read, and it was agreed that the convention be governed by the rules of the Democratic convention of 1892.

The announcement that ex-Governor Flower of New York had been chosen for temporary chairman was received with great cheering. When he was conducted to the chair all the delegates were on their feet.

Flower said in his speech: "I mistake the moral sense of the American people if the action of the Populists at Chicago, reinforced and emphasized by the action of the Populists at St. Louis, has not rekindled the spirit of American patriotism and awaked the American conscience to the national dangers which lurk in the forces and influences behind Bryan and Sewall or Bryan and Watson. The real issue in this campaign is an issue of patriotism.

"In many a presidential election has the fight waged fiercely between the advocates of different political doctrines, and the ruin of the country has been freely predicted if either set of doctrines was established as the policy of the government—such predictions being merely the extreme expression of party politics; but in this election the issues around which the battle is waging involve the integrity of our institutions and the sacredness of our national honor, and when men have stirred that deep well of sentiment, ordinary party differences disappear, the moral issue predominates, and all good citizens stand shoulder to shoulder against those who would defile the American name."

and undermine the walls of her political structure.

"The revolutionary spirit which forced Bryan's nomination is manifest in his speeches now being delivered throughout the country. His conspicuous failure at Madison Square Garden to advance the cause of silver by close argument has induced him to abandon the weapons of the logician and statesman and to employ the arts of the orator. From the rear end of cars he has been flinging out social and political firebrands among the people. He appeals to the base instincts of the ignorant or to the misery of the distressed. He strives to array class against class, to incite employee against employer, to stir up debtor against creditor, to make this a contest of the poor against the rich. May God prevent this incendiary's work."

"In this broad land it has been our proud boast that the avenues of success have been open to all. The rich today were the poor of yesterday. No families of inherited wealth dominate our politics or our society. Before the law all men are equal. The same opportunities do not come to all men; some succeed, many fail, but no barrier to success or position is created by law. Industrial conditions may be affected by unwise laws, and when this is demonstrated we attempt to change them through the opportunity which every man has to register his vote at the polls. But though some men succeed and many fail this is the lot of life, and no candidate for the presidency has ever dared before to use this fact to arouse man against man and to kindle the fires of social discontent and disorder."

After the conclusion of ex-Governor Flower's speech the roll of the states was called for the appointment of delegates to committees. When this was finished the convention took a recess.

SECOND SESSION.

A Few Speeches Made and Adjournment For the Day Taken.

INDIANAPOLIS, Sept. 3.—It was 4:15 p.m. when Temporary Chairman Flower appeared on the platform to call the afternoon session of the convention to order. Both he and Senator Palmer also sat on the platform and were warmly greeted, and an enthusiastic Illinoisan called for three cheers for John M. Palmer, "the grand old man." They were given with effect. There were no demonstrations as other conspicuous men entered. The galleries were more crowded than at the first session and the proportion of ladies was fully as large.

At 4:25 ex-Governor Flower rapped for order. The reports of committees were called for. The report of the committee on credentials was first presented by Chairman Brennan of Wisconsin. The statement in the report that there were present 824 delegates to the convention, representing 41 states and three territories was heartily applauded.

The report of the committee on financial organization not being ready, Dr. Everett of Massachusetts was introduced to the convention by Temporary Chairman Flower. He was enthusiastically greeted and made a stirring speech.

Several other short speeches followed, and the convention adjourned.

There seems to be an almost unanimous sentiment in favor of General Buckner of Kentucky for vice president, but the contest for president is still open. Although General Bragg has been seemingly in the lead, powerful influences are at work to defeat him. His reception in the convention was a disappointment to his friends. It was not as enthusiastic as they thought it should be. A strong effort is being made to bring out Senator Palmer or John Black of Illinois, and Secretary Morton of Nebraska and David Lawler of Minnesota are enjoying incipient honors. Senator Palmer does not desire the nomination, and there is said to be a letter here from Secretary Morton declining to permit the use of his name. General Bragg not in the way. Senator Vilas might be named, but he absolutely refuses to consider the question as long as General Bragg is in the field. Watterson's boom does not grow.

GOLD MASSMEETING.

Some of the Most Popular Orators in the Country Were Present.

INDIANAPOLIS, Sept. 3.—Although the Democratic convention proper held no session last night almost as much interest attaches to the convention centered upon the massmeeting held under the auspices of the organization at the convention hall. Some of the most popular orators in the country, who are delegates to the convention, were billed to speak and their names drew a brilliant well-dressed audience, one which filled the galleries and the floor, and included a large portion of ladies. Many delegates were in their seats under the stage guidons.

The speakers were late, so that the band filled the waiting time until half past 8, when J. McDowell Trimble of Kansas City called the meeting to order in place of Hon. W. D. Bynum, who was detained. The selection of him self, he said, was intended as a compliment to the Democrats of Missouri. He declared that the addresses to be delivered would become a part of the history of the republic. The convention was founding a new organization to maintain old doctrines, enlisting a new army to raise an old flag. "Not a lower standard of money but a higher standard of integrity and patriotism was needed, he said, and the government should neither aid nor encourage its citizens to pay one-half their debts in money and the other half in flat legislation.

"In many a presidential election has the fight waged fiercely between the advocates of different political doctrines, and the ruin of the country has been freely predicted if either set of doctrines was established as the policy of the government—such predictions being merely the extreme expression of party politics; but in this election the issues around which the battle is waging involve the integrity of our institutions and the sacredness of our national honor, and when men have stirred that deep well of sentiment, ordinary party differences disappear, the moral issue predominates, and all good citizens stand shoulder to shoulder against those who would defile the American name."

Ehrlich of Colorado, David W. Lawler of Minnesota, ex-Congressman W. C. Breckinridge of Kentucky, Edgar H. Farrar of Louisiana. Colonel Fellows, in his introductory speech, was in his customary eloquent vein, and was frequently cheered. The enthusiasm throughout his speech and the rest of the meeting was loud voiced and frequent in expression.

DIFFICULTY IN SELECTING A CANDIDATE.

INDIANAPOLIS, Sept. 3.—Nothing appears to be the base instincts of the ignorant or to the misery of the distressed. He strives to array class against class, to incite employee against employer, to stir up debtor against creditor, to make this a contest of the poor against the rich. May God prevent this incendiary's work."

FAILED TO COMPROMISE.

A General Lockout Probable in the Window Glass Industry.

MUNCIE, Ind., Sept. 3.—There is a serious rupture between the window glass manufacturers and workmen over the wage question, and prospects for factories all over the country starting up before winter are gloomy. A lockout is inevitable unless one or the other makes concessions, which is not likely for some time yet.

For the second time this season the wage committee met in Pittsburgh. The workmen demanded an increase of 8 per cent and the manufacturers insisted on a reduction of 10 per cent. Each side was firm, and, after a violent session, an adjournment was taken without an agreement having been reached or a time having been set for another conference.

The factories all over the country were to have been started last night, but the wrangle over the scale prevented it. T. F. Hart, manager of the Western Manufacturers' association, says he will see the factories stand idle and rot before any advance is granted, while the workmen assert that they will starve rather than accept a reduction. A lockout means that 20 factories and 8,000 men in Indiana will be idle. Indiana manufacturers have a large stock on hand. Orders are light and they can well stand a lockout. The workmen are not very well fixed financially.

THE WORLD DID NOT END.

NEW YORK, Sept. 3.—Rev. F. Stutzke and his small band of followers, who had expected the world to end yesterday, were disappointed when it did not, and Mr. Stutzke said he could not explain it, except that a miscalculation must have been made. He felt sure, he said, that the world would end inside of 90 days.

MURDER IN ASIA MINOR.

LONDON, Sept. 3.—A dispatch to The Daily News from Berlin says that very serious news has been received there by way of Athens to the effect that massacres have again been committed in several places in Asia Minor and that many Christians have been killed and wounded, as a result of these recent outbreaks.

Victim of a Runaway Accident.

BRAZIL, Ind., Sept. 3.—Frank Burt, a prominent citizen near Staunton, is reported to be dying from the result of injuries received in a runaway accident in this city a few days ago. He was on his way home with his family when his horse ran away, throwing the family out and injuring all of them.

Saw His Son Killed.

TERRE HAUTE, Ind., Sept. 3.—John Dowus, a muer 19-years-old, fell 200 feet down a shaft at Broadhurst Brothers' mine, in West Terre Haute yesterday, and was instantly killed. His father, who is also an employee of the mines, witnessed the accident.

Big Barn Burned.

FRANKLIN, Ind., Sept. 3.—The large stock barn of John W. Ragsdale, cashier of the Citizens' National bank of this city, was totally destroyed by an incendiary fire at an early hour. Loss, \$5,000.

ELECTION RETURNS IN VERMONT.

ST. ALBINS, Vt., Sept. 3.—Revised returns of Tuesday's election from the 14 counties of the state give Grout, Republican, 53,076, and Jackson, Democrat, 13,982, a Republican plurality of 39,093.

King Humbert May Abdicate.

LONDON, Sept. 3.—A special dispatch received here from Rome says that it is rumored that King Humbert will announce his abdication after the marriage of the Prince of Naples, the heir apparent, to Princess Helene of Montenegro.

Failed After Half a Century.

AMESBURY, Mass., Sept. 3.—John S. Poyné & Company, carriage findings, established at Merrimac nearly a half century ago, has made an assignment to R. E. Briggs. The liabilities are about \$100,000.

Conflicts on the Island of Crete.

ATHENS, Sept. 3.—Several conflicts occurred in the Heraklion and Sellino districts of the island of Crete on Sunday and Monday. Several foreign warships have arrived at Heraklion.

FIVE THOUSAND PERISHED.

CONSTANTINOPLE, Sept. 3.—Additional facts concerning the recent massacres are slowly coming to light. It is now estimated that 5,000 persons perished.

EARTHQUAKE IN JAPAN.

Several Towns Reported Destroyed and Many Lives Probably Lost.

YOKOHAMA, Sept. 3.—Much alarm is felt here over a meager report of a great earthquake which occurred in the northeast provinces of the main island of Japan on Monday evening. The town of Roknko has been entirely destroyed and several other towns severely damaged. Many persons are reported to have been killed by the earthquake and a still larger number injured while a multitude have suffered severe losses by damage to property.

The provinces visited by the earthquake are the same as those devastated by the terrible earthquake and tidal wave of June 15 last, when a large number of towns were wiped out, and the estimated loss of life was 30,000. The provinces of Rekuzen and Rikuchan along the coast from the island of Kinkasan northward were the principal sufferers then. The recollection of the havoc to human life wrought by that convulsion causes grave anxiety as to what further reports may show of the results of Monday's earthquake.

On the same day a typhoon caused extensive damage in southern Japan.

MINE ON FIRE.

HURLEY, Wis., Sept. 3.—The Superior mine, about one mile west from here, is burning. The fire was discovered coming out of shaft No. 1 and soon the shaft was completely burned out. The fire is supposed to be near the fourth level and spreading both ways. Volumes of smoke are coming up and there is no way to fight it except to cover all the openings and smother it which will take a month. The Superior mine ships the richest ore to be had here and is a valuable property, owned by the O'Danaher Iron Mining company. The fire is supposed to have started from a candle of some careless miner or hot steam.

NOT PACKED, but Eaten Fresh.

WASHINGTON, Sept. 3.—According to United States Consul Johnson at Antwerp there is no truth in the story which so excited American meat packers, to the effect that broken down English omnibus horses are killed and packed at Antwerp as canned beef under American labels. The consul reports to the state department that he has made a careful inquiry and finds that while the English omnibus hacks do come to Antwerp in large numbers they are slaughtered and sold for fresh meat and are not packed.

Reward For Firebugs.

LAWRENCEBURG, Ky., Sept. 3.—Aroused by the incendiary outrages in this section, which ended in the death of the two Gray children Tuesday, the city council has offered a reward of \$250 for each arrest and conviction. An effort is being made to have the insurance companies unite with the city and offer an additional reward of \$500. If detectives catch the firebugs a lynching is sure to follow. The loss of the two lives of the Gray children has aroused citizens as never before.

Desperado Shot.

PIKEVILLE, Ky., Sept. 3.—In attempting to capture George O. Quinn, a Virginia desperado who had killed Everett Fowler in Russell county, Va., a week ago, the posse fired on him, killing him instantly. Quinn was surrounded by the posse and made a desperate fight before he was killed, emptying his revolver. Quinn shot Fowler through the head while the latter was hunting squirrels, killing him instantly.

John Bardsley May Be Free.

HARRISBURG, Sept. 3.—The board of pardons at a special meeting yesterday afternoon voted to recommend the pardon of John Bardsley, ex-city treasurer of Philadelphia, now serving a 15-years' sentence in Philadelphia. The reason for this action will be submitted to Governor Hastings when he returns to Harrisburg next week. The action of the governor is final. Bardsley has been in prison since 1891.

More Free Advertising.

NEW YORK, Sept. 3.—James J. Corbett met Sharkey's manager, W. J. Lynch, yesterday afternoon. Sharkey and Fitzsimmons, whom he had expected to meet, were not present. Sharkey was in Chicago and no one seemed to know where Fitzsimmons was. The meeting was without result.

Fraudulent Diamond Deal.

NEW YORK, Sept. 3.—Julius Stein and Joseph Robinson, the latter a small jeweler, are under arrest and it is alleged that they fraudulently secured diamonds worth \$100,000 from Julius M. Lyon, a diamond dealer, who signed last Wednesday.

Turkey Alone to Blame.

LONDON, Sept. 3.—The Constantinople correspondent of The Times cables an announcement that the ambassadors of the powers are preparing a note in which the whole blame for last week's events is laid upon the shoulders of the government of Turkey.

Five Persons Burned to Death.

VAN KLEEK HILL, Ont., Sept. 3.—Five persons were burned to death in a fire in the Commercial hotel here last night. The dead: Mary Louise Yamade, Christie Villeneuve, Josephine Deschamps, Mrs. T. Flan, and Miss K. McLeod.

Opera House Damaged by Fire.

SYRACUSE, Sept. 3.—For the fourth time in its history the Wieling Opera House, the leading theater of this city, was badly damaged by fire at 2 o'clock this morning. The flames were bursting from the rear windows when first discovered. Loss, \$65,000.

Vice President,

Congress,

of Mason.

INDICATIONS.

Local showers, preceded in southern portion by fair weather; cooler Thursday night; fresh to brisk southwest winds.

"BLESSED are they who expect nothing, for they shall not be disappointed." Democrats can get along without Vermont, anyhow.

THE COURIER-JOURNAL'S favorite for President on the bolto-crat ticket could muster only three votes in the Kentucky delegation at Indianapolis. How have the once mighty C. J. and brilliant Henri fallen!

FARMERS FOR BRYAN.

The National Silverites exhibit at their headquarters in Washington City a letter recently to hand from one of the officers of the Pennsylvania Grange, which reports that of the 75,000 members practically all for Bryan, and that fully 60,000 have heretofore acted with the Republicans. If this be true the Republican managers will have to "look a little out."

THE GOLD STANDARD.

The line is drawn so no one need be deceived. Is there anybody or any party declaring that the gold standard is good? Not one. No: never in the history of the United States has a national party dared to write in its national platform a single sentence in approval of the gold standard. The gold standard was conceived in avarice, fastened upon this country by fraud, and it can only be continued by deception. [A voice "Down with McKinley." Great applause.]—Extract from Bryan's speeches at Cleveland.

INGERSOLL ON SILVER.

Ingersoll nominated Elaine at Cincinnati and is considered a King-bee among Republicans. Hear what he says of the crime of 1873:

For my part I do not ask any interference on the part of the government except to undo the wrong it has done. I do not ask that money be made out of nothing. I do not ask for prosperity born of paper. But I do ask for the remonetization of silver. *Silver was demonetized by fraud. It was an imposition upon every solvent man; a fraud upon every honest debtor in the United States. It assassinated labor. It was done in the interest of avarice and greed, and should be undone by honest men.*

WHY THE LABOR NEWS IS FOR BRYAN.

We commend the following from the Labor News of Quiney, Ill., to working-men everywhere:

The Labor News is for W. J. Bryan for President of the United States, not because he is a Democrat, or a Populist. He is the ablest living exponent of the free coinage of silver. He has championed that cause when to do so was to insure political ostracism. The workers of the country are beginning to see, what he saw years ago, that in a contracted currency was the chief cause of their injustices. They have rewarded his fealty to the silver cause by assisting in his nomination; they should not cease their efforts in his behalf until by their votes they have triumphantly elected him.

Mr. Bryan stands on a platform that pledges the very legislation which labor has vainly asked for many years. If Mr. Bryan is elected he will be bound by that platform to do for labor just what labor desires done.

This is a campaign the results of which will be momentous to the people who work for wages. There is but one issue—shall the people govern through a man of the people, or be further oppressed by the money power through its chosen agent.

The man of the people is W. J. Bryan, the other fellow's name is McKinley. Workmen, take your choice.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgus, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

KENTUCKY CROPS.

Weekly Bulletin of the Weather Bureau on the Outlook in This State.

[For the Week Ending August 31.]

The past week has been one of excellent growing weather in nearly all parts of the State. The temperature was slightly below the normal for the period, but this was occasioned by the cool nights which prevailed, while the days have been warm and sunny. No rain has fallen except a few light local showers. Considerable progress was made in all outdoor farm work. The housing of tobacco was pushed with vigor, with the result that fully two-thirds of the crop is now laid away. What now remains in the field, especially in the western section of the State, is generally conceded as worthless, on account of the damage done to it by the worms. Sunshine and dry weather have brought the corn crop to maturity. In most sections the yield is fair to good. It is being cut rapidly. Late corn, however, is beginning to need rain again, except in the eastern counties, where the crop is ripening rapidly. Fall plowing is also retarded by the dry or baked condition of the soil. Some rain during the coming week would improve the situation very much, and place all crops out of danger from a possible early frost.

Central Kentucky.—A more rosy view of the crop situation may be gathered from the reports that come from correspondents in this section. While crops are far from the phenomenal stage attained last year, yet they are all that could be expected under the extreme conditions of drought and moisture, and of temperature not long since excessive, and now slightly deficient. Corn is matured and being cut rapidly. Late corn is growing fairly well, but might be improved in some counties by an early rain. Most of the tobacco is housed. Some is worm eaten, and there is some complaint of damage from firing on the lower leaves of what remains uncut. The crop as a whole, however, is fair to good. Some plowing for winter wheat has been done, but progress in this line of farm work might be improved by early rains. Hemp is nearly all cut; the crop is large, but much of it is flaggy. Pastures continue in good condition. Watermelons are abundant, though their quality is poor. Fruits are not plentiful. Apples are falling badly. Cabbage and late potatoes are very poor.

Sleep

Induced by the use of coca, opiate or narcotic compounds is bad, decidedly bad. They undermine health and shatter the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit. Sleep induced by the use of Hood's Sarsaparilla does not perhaps come as quickly, but it comes more surely and more permanently through nature's great restoring and rejuvenating channel—purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

Locked in a Box Car, He Was Without Food or Drink For Five Days.

[Ripley Bee.]

Last Saturday morning, on opening a freight car on the C. and O. at South Ripley, a colored man was found on the inside, nearly dead from thirst and hunger. His wants were immediately attended to by William Jenner and others, after which he told the startling story of his imprisonment. He says his name was George Jackson, and that he stole into the car last Monday night at Vicksburg, Miss., intending to ride to the next city. In the meantime the car was locked and soon on the move. For the first day or two he became very thirsty and tried to make the railroad men hear him by calling and kicking on the door, but as the car was one of the refrigerator kind—heavily padded—he could not make himself heard, and remained therein with nothing to eat or drink from Monday night until Saturday morning—four days and five nights. When released he drank quite a quantity of water, which caused severe pain in the stomach. He then tried to eat something, but nothing would lay on his stomach until medicine was administered by Dr. J. L. Wylie, after which, in an hour or two, he was able to drink a little coffee and eat some light

THE BRYAN CLUB.

Membership Committees Appointed to Can-
vass the Various Wards—New
Names Enrolled.

The Bryan club organized Tuesday
night now has close to 275 members.
Thirty-five or forty new names were en-
rolled yesterday.

Chairman Worthington announces the
appointment of the following member-
ship committees:

First Ward—John C. Adamson, Joseph Gable,
John L. Chamberlain.

Second Ward—R. L. Browning, George C. Keith,
William Setters.

Third Ward—James H. Hall, Allan D. Cole, T.
M. Pearce.

Fourth Ward—J. P. Wallace, Joseph O'Donnell,
John W. Alexander.

Fifth Ward—George C. Fleming, William L.
Pogue, H. C. Curran.

Sixth Ward—Fred Dresel, E. Swift, Edward
Kinney.

These committees are to solicit mem-
bers. Many new names are being en-
rolled daily. If you wish to join the
club give your name to any of the above
committees.

In The Workhouse.

Ripley Bee: "Last Thursday, Mar-
shal Dan Miller and Jas. Long arrested
seven men near Dover, charged with steal-
ing a johnboat belonging to Mr. Long.
They were brought to Ripley and lodged
in jail, and on Friday were tried before
Mayor Bambach, who found them to be
quite a tough gang, their home being at
Maysville. After hearing the evidence
his honor gave Fred Gilbert, Howard Bly,
John Jenkins and Hughey Springer—four
of the gang—ten days in the Cincinnati
workhouse; and the other three, Jim
Hesson, Robt. (Skinner) Smith and Sam
Fitzgerald, ten days in jail. The party
had taken Long's boat and rowed it be-
low Dover, where they were captured."

Off For Lexington and Knoxville.

The Maysville ball team left this
morning for Lexington where they will
play four games. They will leave there
Sunday for Knoxville for the final series
with the "Indians" this season.

Newton, Maysville's crack lefthander,
has returned, and is again with the team.
Shanks, a pitcher and third baseman,
late of the Mt. Sterlings, has been signed
and another crack player will also be
taken along on the Knoxville trip.

The Ladies.

The pleasant effect and perfect safety
with which ladies may use Syrup of Figs,
under all conditions, makes it their fa-
vorite remedy. To get the true and gen-
uine article, look for the name of the Cal-
ifornia Fig Syrup Company, printed near
the bottom of the package. For sale by
all responsible druggists.

PRESIDING ELDER DOVER has investi-
gated the charge against Rev. Robert
Seaman, of Louisa, and finds it was
utterly without foundation. A special
published in the Cincinnati Enquirer
intimated that the young preacher was
unduly attentive to Lawyer McClure's
wife and stated that McClure had caned
him. McClure was fined for the assault.
Mr. Seaman has gone to the home of his
parents in Oklahoma.

New Hampshire women have organ-
ized a darning club. On a certain day
of each week the members wend their
way to the home of the hostess for the
occasion, and they take their darning
with them. They work together around
a large table, on which each has piled
the articles she has brought with her.
Stockings are most in evidence, but all
sorts of garments modestly appear be-
fore the session is over. Some one reads
aloud, conversation has an occasional
inning, and at 5 o'clock the club mem-
bers go proudly home, refreshed and
with the week's darning thoroughly and
pleasantly done.

DETECTIVE FITZGERALD was a passenger
on the westbound F. F. V. yesterday
afternoon en route from Greenup where
he went as a witness against Charles
Freeman charged with shooting at Con-
ductor Dugan of C. and O. freight No. 71
August 31st. Freeman was held in sum
of \$200 for his appearance at the next
term of the Greenup Circuit Court. The
shooting was done at Gray's Branch.

THE Covington correspondent of the
Times Star says: "Chief of Police Pugh,
aided by Sergt. Sandford and Detective
Gaffney of the local force and Detective
Fitzgerald of the C. and O. and Detectives
Hitt, Morgan, Harlan and Graham of the
L. and N., made a big capture Monday
evening of a lot of thieving hobos who
have been systematically robbing freight
cars for the past several months. The
raid was well managed and six of the
men captured. On Sunday night last a
freight car on the L. and N. was broken
open and several cases of shoes abstracted
and a few days before that a lot of cloth-
ing was stolen from a C. and O. freight
car. Detective Fitzgerald unearthed a
lot of the property near the first tunnel
on the L. and N. railroad under a lot of
brushwood. Here he found sacks of
clothing, shoes, etc. The shoes upon
three of the men were recognized as be-
longing to a lot stolen from the L. and N.
car."

EVEN the apparently east iron traditional
wedding customs are subject to slight ripples of change in these variety
seeking days. At a London wedding
not very long ago a younger sister of
the bride gave her away in default of
other relatives. It is also getting to be
much in vogue to have no wedding re-
ception immediately following the cere-
mony. The much more sensible plan of
deferring it until the return of the
young pair from their bridal trip has
been observed in a number of instances.
The reception then takes place at the
bride's residence and is, in fact, merely
the actual ceremony festivity postponed.

THE big, hearty, healthy man is a continual
irritation to his dyspeptic friend. Constipation
is the root of nine-tenths of the sickness of men,
and of a large proportion of the sickness of
women. It can be cured easily, naturally and
quickly. Nature is continually working as hard
as she can to throw off impurities and to force
out poisonous refuse matter. When there is an
impediment, Dr. Pierce's Pleasant Pellets set the
wheels working again without any trouble.
They assist nature in a gentle, healthful, effi-
cient way. There is nothing violent about their
action, and it is just as certain as if it were twice
as violent. "You do not become a slave to their
use." They are different and better than any
other pill for the cure of constipation, headache
and kindred derangements. Almost all druggists
understand this, and are conscientious
enough to tell you so. The druggist who sells
you a substitute is not a safe man from whom to
buy medicine. Send 21 cents in one-cent stamps
to World's Dispensary Medical Association, Buf-
falo, N. Y., and receive Dr. Pierce's 100 page
"Common Sense Medical Adviser," profusely
illustrated.

STATE AUDITOR STONE is sending out a
circular relative to the abuses that have
been practiced in many counties in using
the State's money for the support of per-
sons who are neither lunatics nor idiots.
He says such practices are prevalent in
Jefferson County, where many persons,
neither idiots nor lunatics, are yearly
made a charge upon the State. He says
that in a majority of these cases the per-
sons are simply infirm from age, and
committees are appointed to care for
them, when, under the strict letter of the
law, such persons would be committed to
the almshouse. Auditor Stone has also
ruled that hereafter all claims for lunatics
must be made out at the fall term of this
court, and that claims made out at any other
time will not be honored by him. Where many lunatics are tried
yearly and at all times of the year, the
claims should not be sent in until the
fall term of the court.

GERMANTOWN.

The district meeting of the Woman's Missionary Society of the Maysville District conference was held at the M. E. Church, South, Germantown, Saturday, August 29th and 30th. Opening service Friday night August 28th. The meeting was called to order by Mrs. Durham. Devotional services conducted by Mrs. Glynn. Scriptural reading by Miss Bruce. Prayer by Mrs. Sadler.

At calling of the roll on Saturday morning the following responded: Maysville, Mrs. Sadler; Carlisle, Mrs. Metcalf; Flemingsburg, Jane Attkin, Mrs. Given; Millersburg, no delegate but sent report; Mt. Carmel, Mrs. Glasecock; Moorefield, Mrs. O. B. Wilson; Mt. Olivet, Mrs. Sudie Holmes; Fern Leaf, Mrs. Harriet Kirk; Germantown, Mrs. Robert Hulmung; Vanceburg, Miss Bruce; Sardis, Miss Little Wood.

Committee appointed on resolutions—Mrs. T. L. Glynn, Mrs. Harriet Kirk, Mrs. Jane Attkin, Mrs. Glasecock, Mrs. Sadler.

Address of welcome for the Germantown Society by Mrs. T. B. Cook. Address of welcome for the town, by Prof. T. J. Currey. Address of welcome for the church by Rev. T. B. Cook.

The reports from the different societies were called for and the delegates gave in some way good reports of the work.

Miss Bruce, Mrs. Sadler, Mrs. Given and Mrs. Durham made some very interesting talks on the missionary work.

Rev. J. D. Redd, of Sardis, delivered a most excellent sermon on Sunday morning to a crowded house. It was one of the best missionary sermons that we ever heard.

On Saturday at noon the dinner, a most sumptuous repast, a thing for which the Germantown ladies are noted, was spread in the yard just west of the church. To say that it was elegant and substantial is to do but faint justice to it. While the delegates and visitors from the vicinity did the subject justice and showed their appreciation by the interest taken in it, also by the way they partook of the good things of this world. We can say that Germantown never does anything by halves.

On Sunday afternoon a children's mass meeting was held and a young people's missionary society was organized, Misses Jessie and Elizabeth Metcalf, of Carlisle, and Miss Mary C. Cook of this place recited some very nice pieces. On Sunday night several interesting addresses were made by Mrs. Given, Miss Bruce, Rev. Doran and Rev. Lee. A missionary collection was then taken up to which the large crowd present responded very liberally.

The next district meeting will be held at Flemingsburg, and we hope that they will have as good meetings at that place as we had here.

The following persons from a distance attended the meeting: Mrs. T. H. King, Mrs. Thomas L. Glynn, Mrs. Barksdale, Mrs. Jane Attkin, Flemingsburg; Mrs. Thomas Glasecock, Mrs. B. T. Marshall, Mt. Carmel; Mrs. Sudie Holmes, Mr. D. S. Denning and wife, Miss Asa Denning, Miss Kate Evans, Miss W. W. Morrison, Mrs. A. Throckmorton, Mrs. P. W. Wheeler, Mt. Olivet; Mrs. Harriet Kirk, Mrs. Ollie Beese, Mrs. Little Wood, Miss Mamie Wallingford, Fern Leaf; Mrs. H. C. Metcalf, Carlisle; Miss Mary Bruce, Vanceburg; Mrs. W. C. Sadler, Mrs. Dan Perrine, Mrs. M. L. Tripplett, Maysville; Miss Mary Ostrum, Norborne, Mo.; Mrs. O. H. Wilson, Mrs. C. D. Durham, Moorefield, Ky.; Miss Little Wood, H. W. Wood and wife, Sardis; Miss Willa Burgoine, Washington; Mrs. Sallie Byar, Mrs. Nellie Boyd, Miss Annie Boyd, Minerva; Miss Nellie Jenkins, Mrs. Lizzie Kirk, Mrs. Sallie B. Kirk, Mrs. Retta Worthington, Mrs. Mary Worthington, Tuckahoe; Miss Annie Weaver, James W. Staton and wife, Miss Jennie Staton, Rev. Doran and wife, Rev. Lee, Brooksville; Miss Gertrude Staton, Rev. Lee, Brooksville; Miss Gertrude Staton,

Helena Station; Chas. Wallingford, James Wood and wife, A. M. Wood and wife, Fern Leaf; Miss Nora McDaniel, Miss Eva McDaniel, Ripley; Miss Amy Ray, Miss Tommie Ray, Maysville.

Following is the report of the Committee on Resolutions:

WHEREAS, We have come to the close of this most enjoyable meeting of the Maysville District Woman's Foreign Missions with hearts swelling with devotion and love to the Glories of God; and

Resolved, That we return our loving and grateful thanks to each and every one who has extended such generous hospitality and kindness to this body of delighted visitors. The careful consideration and forethought that so bountifully prepared the elegant and substantial dinner served in such proximity to the church enabled us to dispatch business was most highly appreciated.

The association declares that protection is of greater interest to the wool growers than the financial question and urges that the farmers demand that the various candidates for president, the senate and house of representatives be required to declare themselves on this subject.

NEW LABOR PROJECT

Uniformed Rank Knights of Labor to Be Formed.

FIRST REGIMENT IN CLEVELAND.

One Hundred and Forty Members Have Signed in the City Alone—Ohio Wool Growers in Session—Cleveland's Centennial—Grain Elevators Burned in Hamilton—Other State News.

CLEVELAND, Sept. 3.—The First regiment of the uniformed rank Knights of Labor will be formed in this city. Cleveland delegates to the Knights of Labor general assembly in 1892 urged the establishment of a uniform rank, but that body did not incorporate the idea in the general plan of the order. The matter was left optional, however, with the district assemblies.

The organization of a regiment of the uniform rank has long been under way in Cleveland, and 140 members have signed in the city and many more in the surrounding towns. What the uniform and style of arms, if any, will be, has not been decided upon. The Cleveland delegate to the next general assembly of the order which meets at Rochester in November, will urge that the uniform rank be given a constitutional place.

CLEVELAND'S CENTENNIAL.

Perry's Victory Day, the 10th, to Be the Closing Event.

CLEVELAND, Sept. 3.—The Cleveland centennial celebration will be brought to a close on the 10th inst., Perry's victory day. An elaborate program has been arranged for that occasion. Governor Bushnell will preside at the public exercises in the morning. The orator of the day will be Governor C. W. Lippitt of Rhode Island, and a poem will be read by Frederick Boyd Stevenson of Chicago. Major McKinley will also speak.

In the afternoon there will be a parade of regular troops and national guardsmen.

In the evening there will be a marine and pyrotechnic display on the lake front in the form of a reproduction of the battle of Lake Erie.

OHIO WOOL GROWERS.

They Ask for the Restoration of the Duty on Wool.

COLUMBUS, O., Sept. 3.—At the meeting of the Ohio wool growers yesterday every county in the state was represented. Resolutions were adopted demanding the immediate restoration of wool to the duty list at figures of full adequate protection. Duties of 12 cents on combing wools, 15 cents on fine merino grades and 8 cents on carpet wools are favored.

The association declares that protection is of greater interest to the wool growers than the financial question and urges that the farmers demand that the various candidates for president, the senate and house of representatives be required to declare themselves on this subject.

Knights of Pythias.

CLEVELAND, Sept. 3.—The supreme lodge Knights of Pythias decided yesterday that the next meeting will be at Indianapolis on the fourth Tuesday in August, 1898. In 1898 a bank at Wilmington, Del., in which were the funds of the supreme lodge, failed. Various schemes to make good the loss have been discussed since then, and the matter was discussed yesterday and referred to the finance committee. It is generally accepted that the committee will recommend that whatever money can be realized from the sale of bonds shall be divided pro rata among those that suffered.

Grain Elevator Burned.

HAMILTON, O., Sept. 3.—Anderson & Shaffer's big grain elevator, containing 9,000 bushels of corn and 1,500 bushels of wheat, was totally destroyed by fire yesterday. The fire originated in the engine room and was quickly beyond control. Seven other houses took fire, but the flames were extinguished by the prompt work of firemen. H. C. Cass' stable adjoining was also burned. The total loss is about \$15,000, which is covered by \$9,000 insurance, \$6,000 of which is on the building.

GALLIPOLIS, O., Sept. 3.—William Davis narrowly escaped death at the epileptic hospital stone quarry. A rock weighing two tons fell 35 feet, striking his shoulder and crushing it.

BRYAN'S OHIO TOUR.

Speeches Made at Springfield, Kenton, Findlay and Toledo.

TOLEDO, Sept. 3.—William Jennings Bryan demonstrated again that it made no difference whether his voice was hoarse or not by making more speeches than he has for several days. He made long speeches at Springfield, Kenton and Findlay and last night made two more in this city.

The party left Columbus at 8:15 in the morning and arrived at Springfield at 10:30, where the nominee made a 20-minute talk. The next stop of any consequence was made at Kenton, where Mr. Bryan addressed 6,000 citizens of that county. The address was made in the park of the little city, and was well received. The crowd was made up mostly of farmers, who cheered the utterances of the three-time nominee.

There were short speeches made at Bowling Green and Walker and stops were made to allow Mr. Bryan to shake hands with the crowds at Cygnet and Arlington where crowds of farmers were gathered. The train arrived in this city a little after 5 o'clock and Mr. Bryan was taken to the Boddy House.

Thirty thousand persons is a conservative estimate of the solid acres of humanity gathered in high school square later in the evening to hear Mr. Bryan deliver a campaign address. Forty thousand would probably be nearer the correct figures.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constituted condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
